

**Supplemental Training Update
PWV Board Meeting February 16, 2023**

First: The current plan for Talks organized by Supplemental Training is to continue them at the Council Tree library, about one per month through and including April, for this Lecture/Talk/Gathering year.

Second: We continue to search for a place where we can meet, have a meal and listen to a Talk.

Third: You all will have noticed the calendar listings of the Basic First Aid and Wilderness First Aid courses taught by Joe Cox again this year. The inquiries we receive related to these offerings show members' continuing interest in expanding these skills.

Fourth: Please sign up for the talk on March 1st at 6:30 P.M. at Council Tree Library. This talk, by Dan McGrath, will focus on the wildfire impacts on snowpack across the western U.S. and within the Cameron Peak burn area.

Fifth: Please remember to come out for the Spring Fling Event from 9:00 A.M. to 1:00 P.M. at First United Methodist Church in Fort Collins.

Please remember to register for all of our events and cancel if you are not able to make it. Especially for our First Aid offerings, be sure to cancel, since a waiting list will be in place to allow someone else to take your (much needed) spot!

Many thanks,
Ann Haverkamp, Chair
Supplemental Training Committee
